Sher™ Ankle Stabilizer Brace

SAS Ankle Brace is an ideal choice to support weak or injured ankles during sports and other activities. An effective treatment and prevention of ankle sprains and injuries. Popular lace up design with stabilizing figure-eight straps that mimic athletic ankle taping by providing inversion/eversion support and compression.

- **Stabilizing Figure-Eight Straps -**
mimic ankle taping, locks heel and foot in place
- **Wide Elastic Cuff Closure -**
holds straps in place and provides added stability and compression
- **Lace Up Design -**
easy to apply and gives a conforming fit
- **Ballistic Nylon Material -**
extremely lightweight and thin with long lasting strength
- **Low Profile -**
easy to wear and fits in any type of shoe
- **Breathable Tongue and Heel -**
advanced material wicks moisture away from the skin and allows air to circulate. Tongue is sewn in place to reduce brace movement
- **Fits Right or Left Ankle**
